

Bronze Y Type Strainer Model S200

Product Data

Manufacturing Standard :

- Design and manufacture in accordance with ASTM standard
- Structure length in accordance with ASTM
- Pressure test standard accordance with ISO5208
- Bronze body. Screen 304 stainless steel
- End connections threaded ANSI

Inspection:

Working pressure	PN	20
Pressure test	PN	24
Working Temperature	°C	-10 up to 180

Features:

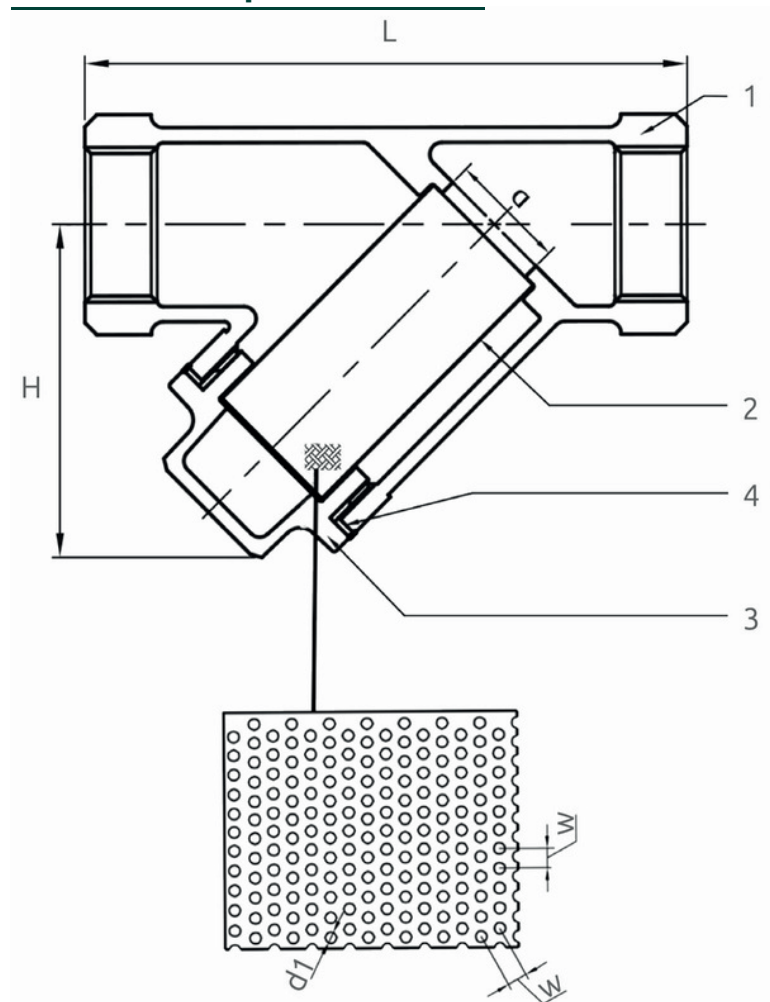

Y TYPE STRAINER use of pipeline strainers will make a significant contribution to the reliability of a piping system and to optimise performance of the equipment pumps, valves, traps etc

Strainers are a low cost investment for any piping system and result in reduced maintenance costs as well as minimising 'downtime' by protecting the circuit from damage by foreign matter

Bronze Y Type Strainer Model S200

Technical Specification

Material Specification:

No	PART	MATERIAL
1	Body	Bronze
2	Mesh	SS 304
3	Cap	Bronze
4	Cap Seal	PTFE

NOTE:

Other mesh size screens are available on request

Parameters:

Size	L	H	D	d1	W	Kgs
1/2"	80	48.5	14	0.84	1.27	0.31
3/4"	100	58	19	0.84	1.27	0.49
1"	115	70	25	0.84	1.27	0.71
1 1/4"	135	80	31.8	0.84	1.27	0.99
1 1/2"	160	93	38.1	0.84	1.27	1.46
2"	190	112	50	0.84	1.27	2.44
